claim losses. The last twenty years or so I concentrated on property losses for commercial and residential structures.

2017-present

OWNER, PRAIRIE CONSULTING

Prairie consulting handles inspections and consults on damage issues for a large homebuilder's association on behalf of their insurance carrier. Additionally, I consult with insurance companies on renovation work for clients that require renovation to their homes due to life changing injuries.

I have attended hundreds of mediations in the state of Oklahoma for various carriers and have done trial monitoring also.

2022-Present

Litigation Adjusters, Inc

Monitor trials and attend mediations and settlement conferences.

EDUCATION

1976

BBA, UNIVERSITY OF OKLAHOMA

1978 to present

I attended the complete multi-line training provided by GAB business services at the national training center in Littleton Co. then advanced courses in both casualty and property at same complex.

I have completed numerous correspondence courses, and attended clinics, and seminars on Damage evaluation and estimation, and property and casualty adjusting over the years.

Over the 43 years I have worked claims investigations in the state of Oklahoma, I have handled thousands of claims for various insurance carriers. I have written damage appraisals first on paper sheets then on estimating programs as they have developed through the years. I have reviewed estimates from many contractors over the entire state and worked with those contractors to evaluate and estimate repairs for all types of losses including water damage and fire losses.
